HAB™

Brigitte Shim & Howard Sutcliffe

The HAB™ chair is perfect for large public spaces, as it commands a presence and is a beautiful piece of sculptured-looking wood whether approached from the front or back. The HAB™ chair is available in veneered molded plywood and with optional upholstered pad for seat and back in leather, fabric or vinyl. The base is stainless steel.

The HAB™ table is made of a veneered plywood, with a simple corner detail. The stainless steel base and cables create a light appearance to complement the design of the HAB™ Chair. Tables include a square coffee table and square side table.
