## Q Collection

Qdesign

The Q chairs are defined by their striking wood veneer back that accentuates its crisp profile and stately presence. The well proportioned Q Chairs are beautiful from all angles, able to stand alone in any space, from any point of view.

The shape is straightforward in its own right; the structural wood shell, contrasts with a softly upholstered interior. Juxtaposing form and materials, the exterior of the Q chairs speak to a refined, understated formality, an eloquent contrast to the supple and inviting nature of the interiors.

The Q chairs are the ultimate statement piece. The striking back and gently curving armrests ensure outstanding sitting comfort, while its distinctive profile makes it a stand-alone statement piece to enhance any executive lounge, reception or meeting area.

Supported by a polished aluminum 4-star base, Q Lounge is available in maple or walnut veneers.
