What suits you?

We respond to our environments in myriad ways, but the core of our responses are aesthetic, tactile or emotional. Suited draws upon all of these responses to both soothe and empower, inspire and engage. Suited brings an innate confidence to each new space, evoking a sense of comfort and belonging.

Timeless Textiles Reimagined

Suited draws much of its inspiration from textiles that are closely associated with warmth and comfort. Houndstooth and checks have their origins in plaid, the Scottish word for blanket, and this element of nurturing care pairs with elegant design to add a soothing, tactile comfort to any environment.
