Gianfranco Frattini

GIANFRANCO FRATTINI

Gianfranco Frattini was born in Padua on 15 May 1926. He graduated with a degree in Architecture from the Politecnico di Milano in 1953.

Frattini opened his own professional practice in Milan, after having worked in the office of his teacher and mentor Gio Ponti. Frattini became an industrial designer.

DESIGN CLASSIC

Originally designed by Gianfranco Frattini in 1979, the Megaron has been re-issued using the latest LED technology. Its timeless design is otherwise preserved, updating the design classic for modern use.

SLEEK

The floor lamp features clean, elegant lines and a simple structure. Its discreet design fits seamlessly into any living or office space.
